

BLM LAKE HAVASU FO

Agency: BLM Lake Havasu FO

Grant Writer: BLM Lake Havasu FO

Grants: Listed below

Project Description:

(1994) - Project will provide the public with off-highway vehicle recreational use information through several media. The first part is the inventorying of the existing routes in the Lake Havasu City Area and producing a free brochure called the "Havasus Area Access Guide." Next, on the ground information will be provided through signing major routes and placing two bulletin boards in the areas.

Grant amount \$33,200.

(1995) - Project will provide public with off highway vehicle use information through several media. The first part is the inventorying of existing routes in the Havasu Resource Area from the Bill Williams River to interstate 10, from Colorado River Indian Reservation to about the La Paz County boundary. From this inventory data, the project will produce a free brochure called the "Cactus Plain Access Guide." Next, on the ground information will be provided through signing major routes and placing two bulletin boards. Education material will be produced and distributed locally. OHV funds would purchase the following: 66 week of ACC or EOC staff; ATV and GPS maintenance; brochure publication contract; post and decals; Tread Lightly materials; bulletin board materials; display materials and GEO Explorer GPS.

Grant amount \$54,000
